**A Repair Cafe for Histon**

Many villages around Cambridge operate occasional repair cafes where people can bring items in need of repair and have an experienced volunteer look to fix them. Coordinated by Cambridge Carbon Footprint, these cafes have an average repair rate of 64%, with many useful goods saved from going to landfill. We are looking to set one up in Histon (there were a couple a few years ago, but none since), and if you might be interested in joining the organising team or volunteering as a repairer do get in touch with me. Lots more detail at
